## HERE AT ADU WE BLOOM & SHARE THE MIRACLE & VIBRANCY OF LIFE WITH FLOWERS

We have flowers available mid-July through first frost. We design with our seasonal Alaska Grown flowers as much as possible. Our season is fast and short but like everything else in Alaska our locally grown flowers are magnificent, vibrant and fresh. We grow thousand dahlias, hundreds of sweet pea flowers and sunflowers along with 25 other flower varieties that slightly change from season to season.

Our a la carte wedding package is perfect for couples who love the idea of Vibrant Alaska Grown flowers to grace their wedding day (or elopement) but don't require huge arrangements or on-site set up. This option is ideal for clients who only need personal flowers, centerpieces and a few focal arrangements. Simply chose size and quantity needed of each of your choices and describe your color palette. We'll handle the rest to us!

We understand how overwhelming and stressful wedding planning can be with so many choices and unclear pricing so we streamlined the process of selecting your wedding flowers by offering a simple menu with transparent pricing so you can create your custom wedding flower package while staying within your flower budget.

We arrange your wedding flowers with care and choose only the best blooms.

Orders are available for on farm pick up. Delivery is available for an extra fee. Please note we require a minimum order of \$250.

On the following pages you'll find our a la carte menu to get you started. If you have any questions please do not hesitate to call. 907-232-4580.

We want to be sure we don't miss a detail of your wedding flower needs.

We look forward to working with you!
